GENDER EQUALITY PAINTINGS

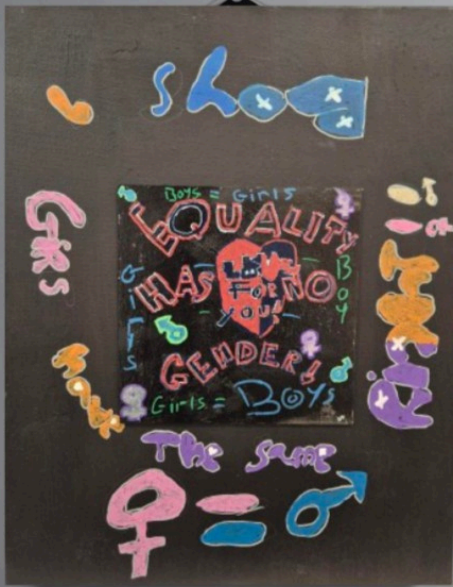

The following paintings have been made by children aged from 6 to 9 years old. Exhibited in December 2024, at the Agora Space in the Court of Auditors, their works convey strong values.

Everyone, regardless of whether they are a boy or a girl should be treated fairly and with respect. We all have the same rights no matter the gender.

Living in a world where boys and girls have the same opportunities to thrive and succeed should not be a dream but a reality, we should all be working towards. Every small gesture is meaningful and a step forward to achieve the goal.

Your Trash, My Treasure or the Art of transformation

When children's imagination turns broken objects into unique, meaningful, and inspiring creations, at the heart of an artistic and educational project.

Because when art is shared, it does more than attract the eye—it moves, inspires, and helps us grow.
