

Extracurricular activities of APEEEL2 and children attending CPE

Number of activities per week:

Children attending CPE can take part in a **maximum of 2 extracurricular activities** per week (others are possible but without intervention of the CPE. This means if the child arrives later, does not come to the CPE on certain days of the week, or attends the activity based on a simple exit permission without accompaniment or return).

Schedules, permissions, and accompaniment:

Garderie – nursery : Children of the Garderie must be accompanied to their activity by an adult. They are not eligible for an exit permission. APEEEL2 organises an accompaniment service; parents must then register "APEEEL2 Staff" among the authorised persons in [eKidWeb](#).

Study and Recreation Centre (CEL) - Primary : Primary school children are allowed to participate in extracurricular activities starting **from 3:30 p.m.** (except for UGDA courses organized on Fridays by the Luxembourgish State). They must be back in their group **before 6:00 p.m.** They can go to their activity alone. For this, an exit permission must be completed via your [eKidWeb](#) account.

Study and Recreation Centre (CEL) - Secondary : For secondary children, no specific authorisation is required. The educator must be informed (by email) of the child's activities.

For any questions regarding extracurricular activities, please contact APEEEL2 at the following address: periscolaire@apeeel2.lu
